MEMO

TO: Hon. Andrew C. Joyce, Chairman

FROM: Albany County Board of Elections *MJC / PMS*

RE: Requested Amendment to the 2020 Board of Elections Budget

DATED: September 8, 2020

This memo is submitted in connection with a request for legislative action (RLA) to amend the 2020 Board of Elections' annual operating budget, as adopted in December, 2019. The amendment would adjust the 2020 salary level of certain staff members, by giving them a 5% increase over their 2019 salary level, as opposed to a 2% increase, and thereby equalize their salary increase percentage with other members of the Board of Elections staff, who did receive a 5% increase.

The adjustment would be made through the reallocation of existing budgeted funds, by debiting the "election day staffing" line and applying the amount so deducted to the affected personnel services lines.

The proposed salary increases are modest, incremental additions which are justified because of the qualitative, across-the-board increase in the level of staff work required to process the geometric increase in absentee ballots. It is the view of the Board that all staff members should be treated equally for purposes of the 2020 salary adjustment.

The proposed adjustment would be implemented as follows:

Debit the following line by \$10,216.00:

A1450 44975 Election Day Staffing

Apply the amount so debited to the following lines in the following amounts:

A1450 11115 001	Deputy Commissioner of Elections	\$2,190.00
A1450 11115 002	Deputy Commissioner of Elections	\$2,190.00

MEMO

TO: Hon. Andrew C. Joyce, Chairman
Albany County Legislature

FROM: Albany County Board of Elections

RE: SBOE Reimbursement Grant for Cybersecurity Remediation

DATED: August 25, 2020

This memo is submitted in connection with a request for legislative action (RLA) for approval to submit a grant application and enter into an agreement with the New York State Board of Elections for reimbursement funding pursuant to the NYS Elections Cybersecurity Remediation Grant Program. The grant would be for an amount not to exceed \$145,219.85 and would cover qualified expenditures made between December 21, 2019 and December 31, 2021 to help our county improve election security by remediating and mitigating risks identified during a prior risk assessment.

The New York State Board of Elections authorized a total of \$9 million, combined from the 2018 federal HAVA funds and 2020 federal HAVA funds, for use by county boards of elections to implement cybersecurity remediation services. Grant funding will be distributed with a base amount for each county (\$61,000) and then a scaling additional amount based on the county's February 21, 2020 enrollment.

Albany County's share has been calculated at \$145,219.85, payable by way of reimbursement, in accordance with a budget/workplan to be submitted by the Albany County Board of Elections to the New York State Board of Elections (SBOE) for its review and approval.

To be eligible for reimbursement, expenditures must be necessary, reasonable and allocable to the grant, i.e., the procurement of products, services and supplies must be directly related to the implementation of a remediation service, product or practice.

Each claim for payment must describe how the county board of elections (CBOE) has expended funds to procure or implement the additional materials/services to enhancing our cybersecurity infrastructure. The CBOE must certify that funds have been expended according to the budget and workplan, and must submit to the SBOE copies of all contracts, payment vouchers, receipts and other financial documentation sufficient to substantiate the claim.

Additionally, the CBOE must certify that the expenditure of county money was the most reasonable, economical, responsible, safe and fair way to improve cybsersecurity infrastructure, and that the county governing body has been informed in writing by the CBOE of the terms and conditions of the grant agreement pertaining to the reimbursement of such funds.

We are annexing hereto the grant application/contract to be executed on behalf of the County should the Legislature approve this RLA.

County Boards of Elections reimbursement program for eligible expenses related to cybersecurity remediation and mitigation services.

The New York State Board of Elections authorizes a total of \$9 million, combined from the 2018 federal HAVA funds and 2020 federal HAVA funds, for use by county boards of elections to implement cybersecurity remediation and mitigation services. The State Board of Elections establishes the following program to reimburse county boards of elections for eligible expenses to implement cybersecurity remediation and mitigation services.

On May 3, 2018, the State Board of Elections adopted a cybersecurity plan dubbed "ARMOR" to protect the State's critical election infrastructure. The ARMOR plan has four main concepts: Assess Risk, Remediate Vulnerabilities, Monitor On-going Operations, and Respond to Incidents. The plan required all County Boards of Elections to undergo a comprehensive risk assessment of their election infrastructure. Data from the risk assessments have been assessed by the State Board of Elections and a remediation strategy has been identified utilizing the County risk assessment as provided for by the State Board of Elections.

It is expected that each County Board will, as a result of the risk assessment, create and submit to the State Board for approval, a Risk Remediation Plan that addresses, in priority order, short and long term actions to be taken by the County to address the risks identified.

This Elections Cybersecurity Remediation Grant is hereby established to assist counties in meeting the goals identified in their plan and provide a contract/reimbursement process to guide county boards of elections and State Government partners through a voucher reimbursement process.

This grant fund distribution program does not provide for the direct release of State funds to counties.

County boards of elections may submit a claim for payment, after the purchase of such products and services with county funds, for reimbursement of either some or all those costs, provided the purchases were reasonable, allowable and allocable. Substantial evidence must be included with each claim including an identification of the risk being addressed as identified in the County's risk assessment or remediation plan, and prior to the award of any reimbursement, all claims will be reviewed for the products' and/or

services' compliance with the NYSBOE guidelines for allowable expenses. Reimbursement will be made for allowable costs which have not previously been claimed for reimbursement for the same expenses elsewhere.

To receive reimbursement, county boards of elections must complete and submit a claim for payment to the State Board of Elections. Forms to be completed are included in the claim for payment section of Attachment A-1.

Review and Payment Process:

1. After receipt of the County Board of Elections' Claim for Payment, the State Board of Elections shall review the request to determine whether the funds expended by the County Board of Elections are eligible for reimbursement under this program.
2. The State Board of Elections will make every reasonable effort to review, determine approval or disapproval and so notify the County Board of Elections within two weeks of the receipt of the Claim for Payment. As the total amount of money available to each county for reimbursement of expenses is limited, the full reimbursement of the county's expenditures may not be covered by this program.
3. In the event that a Claim for Payment or a part thereof is rejected, the State Board of Elections shall provide details of what is being reimbursed, including a percentage representing the amount of reimbursement.
4. Payments will be issued by voucher on a reimbursement basis.

Administrative Requirements:

Appropriate records relating to the initial purchase and any subsequent reimbursement shall be required to be kept by the County Board of Elections for the balance of the calendar year in which they were made and for six (6) additional years thereafter.
