I am writing today to express my concerns with the proposed alterations to the 14<sup>th</sup> legislative district for Albany County.

As I understand the proposed legislative map would eliminate the southern portion of Route 378 from Route 9 to Van Rensselaer Boulevard along with the eastern side of Route 9 in Loudonville from Northern Boulevard to Route 378. It is this eastern section where I reside.

Having lived on Colonial Green for over 30 years, I have considered our neighborhood as part of the current 14<sup>th</sup> district. We are a close-knit community and share many interests best represented by this district. While I understand the logic of keeping the Village of Menands within a single legislative district, the removal of the eastern section of the current 14<sup>th</sup> seems unnecessary to those residents who have been dutifully served for many years as part of the current 14<sup>th</sup> district.

Thank you for reconsidering the proposed boundaries for the 14<sup>th</sup> legislative district.
