Mr. Larry Volk, Chairperson
Albany County Redistricting Commission
Albany County Legislature
Harold L. Joyce Albany County Office Building

RE: Final Amended Report of the Albany County Majority Minority
District Redistricting Subcommittee (MMD)

Dear Commissioner Volk:

The Albany County Majority Minority District Redistricting Subcommittee (MMD) is pleased to transmit to you our final report supplement for inclusion in your final report supplement to the Albany County Legislature pursuant to Local Law 8 for 2019.

This final report supplement is being submitted following our consideration of concerns raised by the Albany County Legislature in connection with, and following, their rejection of the local law submitted to the Legislature on September 5, 2022.

The attached map of the minority districts, approved by the Albany County Redistricting Commission in your meeting on November 19, 2022, resulted from the MMD and its consultants re-reviewing the MMD's previous work along with our consideration of concerns raised by the Legislature. We believe that the amended map maintains and strengthens minority districts, better ensures the ability of minority districts to elect representatives of their choosing, keeps more neighborhoods intact, lessens the impact on municipalities, and considers the changing landscape of Albany County.

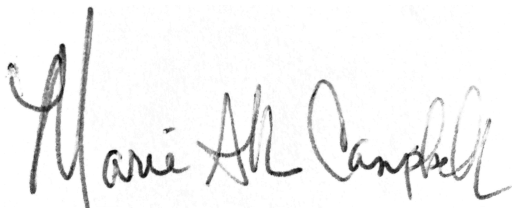

The MMD continues to be thankful for the collaboration, cooperation and support we received from the Albany County Redistricting Commission (ACRC). Your support along with the support of our consultants and Albany County staff was invaluable in enabling the MMD to effectively and successfully engage in and progress its redistricting work.

The MMD, again, recognizes and thanks Albany County ("County") and the Albany County Legislature for the opportunity to engage in this work and for the financial and other resources provided in support of the MMD's redistricting work. The MMD recognizes the importance of the work we were charged with and appreciates the opportunity to have been involved in this work.

The MMD along with its legal and mapping consultants has been intentional and thoughtful, throughout this process to comply with all applicable federal, state and local legal requirements in fulfilling its mission.

We look forward to a successful outcome to our collective redistricting efforts.

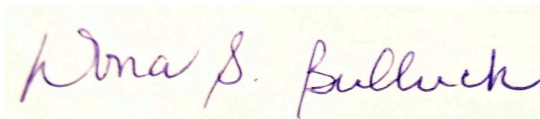

Sincerely,
