Subject: Ethics Commission Board - Response to Financial Disclosure Audit

Good Afternoon,

The Albany County Ethics Commission is in receipt of the audit from the Comptroller relating to financial disclosures. The Ethics Commission operates and performs its duties pursuant to existing law and resources. The majority of the issues and remedies within the audit suggest a change to the current law and funding. These changes are beyond the scope of the Ethics Commission's authority. Should any changes come from the Legislature and/or Executive, the Commission shall continue to work within those changes.

Best,
Lauren Gardner
